

**Bath Rugby Academy is offering an internship opportunity for a student or graduate from a university sports science or sports coaching related course from the end of June 2012 to end of May 2013.**

Work will predominately be in strength & conditioning with its related administration. This area is also covered by full time staff and the intern would be trained in any area of non specialisation.

This post is suitable for a postgraduate that has achieved a 2:1 or above. They should have relevant previous experience in this area of specialisation and should be someone who is looking to propel their career in strength & conditioning.

We offer a small living allowance for this internship. We feel this is a great opportunity for an individual to gain valuable experience inside a professional club, working in a state of the art training facility amongst some of the top players and coaches in the country.

In the first instance please send a full CV by email to Frank Butler, the Academy Manager at Bath Rugby: [frank.butler@bathrugby.com](mailto:frank.butler@bathrugby.com)

Closing Date 31<sup>st</sup> January 2012.
