

SPONSORED MSc SPORT AND EXERCISE SCIENCE (STRENGTH AND CONDITIONING) STUDENTSHIPS

- Organisation:** Centre for Sport and Exercise Science, Sheffield Hallam University
- Length of Contract:** Two years
- Remuneration:** Successful applicants will receive a living expenses bursary of up to £500 per month (dependent on number of hours per week with the sponsor), plus part-time tuition fees will be paid for our MSc. in Sport and Exercise Science (Strength and Conditioning Pathway).

We are looking for **four** individuals with energy and commitment to become part of our team at Podium Performance, in the Centre for Sport and Exercise Science at Sheffield Hallam University.

Working with elite athletes and teams to improve their performance, you'll be working alongside our expert team of sport scientists and practitioners to design, deliver and evaluate field-based strength and conditioning services to the Rotherham United FC Academy and Youth teams (two positions) or gym-based strength and conditioning services to the University's own Talented Athlete Scholarship Scheme athletes (two positions).

Successful applicants will take part in regular training and mentoring through our Sport Performance Internship Programme, whilst providing support to the Internship manager in training interns for our other team sport and individual contracts. As part of this role, you will also study on our MSc. in Sport and Exercise Science, furthering the knowledge and understanding underpinning your future career.

This is a rare opportunity to enter a role where you'll learn from expert consultants, gain experience with clients, expand your knowledge, build your networks and get paid!

We're looking for people with:

- a BSc in Sport and Exercise Science (2:1 or above) or equivalent¹
- a minimum of a Level 2 Gym Instructor award
- knowledge and experience of working with and of providing field- and gym-based conditioning work to athletes
- ability to work unsociable hours
- commitment to work towards BASES and/or UKSCA accreditation
